“Trusted Engineering & Production Test Lab”

Complete Test Solution

- Design & FAB Load Boards
- Design & FAB Probe Cards
- Design & FAB Burn-in Boards
- Design & FAB HAST Boards
- Design & FAB ESD Test Fixtures
- Develop & Execute Characterization Plan
- Develop & Execute Qualification Plan
- Pre-Production Wafer Probe
- Pre-Production Package Test
- Production Wafer Probe
- Production Package Test
- MPS Management Systems
- Inventory Management

Test Platforms

High End Mixed Signal & Digital

- Verigy 93K & 83K

Digital Testers

- Agilent 83K
- Teradyne J750
- Nextest Maverick

Linear & Mixed Signal

- Credence TMT ASL-1000
- LTX TS88 DX90

Memory Testing

- Agilent 83K
- LTX Delta STE

RF Testing

- ASL3000 RF – 6GHz/32 pin Dig/16 RF Ports

Process Screening

- Turnkey Manufacturing Solution
- Up Screening
- Counterfeit Verification
- Qualification
 - Military & Aerospace Processing
 - MiL-PRF 38535
 - MiL-PRF 19500
 - MiL-STD 883
 - MiL-STD 750
 - MiL-STD 202
 - EEE INST-001
 - EEE INST-002
 - JEDEC
 - ANSI
