Dear Mr. Thompson:

Re: Retention of Laboratory Suitability, January 1, 2022 through December 31, 2022,  
MIL-STD-750F, FSC 5961, VQE-23-037680, Control Number: 083235

We have reviewed your January 1, 2022 through December 31, 2022 commercial laboratory suitability annual retention report for MIL-STD-750. The report indicates conformance with the requirements of DLA Land and Maritime's Laboratory Suitability Information booklet. Therefore, the listing of your MIL-STD-750 capabilities as stated in your latest laboratory suitability letter, VQE-19-033448, will be continued on the List of Commercial Laboratories Suitable for Testing Military Devices.

Your next retention of commercial laboratory suitability report must cover calendar year 2023 and be submitted no later than March 1, 2024. It must be formatted to contain the items of Section IV of the DLA Land and Maritime booklet mentioned above. If we do not receive the report by this date, your capabilities may be removed from the List of Commercial Laboratories Suitable for Testing Military Devices.

If you have any questions, please contact Mr. Brad Deslich at 614-692-0593.

Sincerely,

RAYMOND KOLONCHUK  
Chief  
Electronic Devices Branch
